

Løs regnestykkerne ved at bruge tallene fra billederne ovenover.

$$\begin{array}{c} \text{red balloon} \\ \square \end{array} + \begin{array}{c} \text{yellow balloon} \\ \square \end{array} = \square$$

$$\begin{array}{c} \text{purple party hat} \\ \square \end{array} + \begin{array}{c} \text{purple party horn} \\ \square \end{array} = \square$$

$$\begin{array}{c} \text{yellow streamer} \\ \square \end{array} + \begin{array}{c} \text{purple balloon} \\ \square \end{array} = \square$$

$$\begin{array}{c} \text{yellow party hat} \\ \square \end{array} + \begin{array}{c} \text{purple streamer} \\ \square \end{array} = \square$$

$$\begin{array}{c} \text{grey balloon} \\ \square \end{array} + \begin{array}{c} \text{purple party horn} \\ \square \end{array} = \square$$

$$\begin{array}{c} \text{red balloon} \\ \square \end{array} + \begin{array}{c} \text{purple party hat} \\ \square \end{array} = \square$$

$$\begin{array}{c} \text{yellow party hat} \\ \square \end{array} + \begin{array}{c} \text{yellow balloon} \\ \square \end{array} = \square$$

$$\begin{array}{c} \text{yellow streamer} \\ \square \end{array} + \begin{array}{c} \text{yellow party hat} \\ \square \end{array} = \square$$
